

FUJI
GRAPHIC ELEMENTS 1

Rivestimento murale che propone il disegno astratto e stilizzato di un giardino giapponese primaverile
con ciliegi in fiore filtrati da una rigorosa architettura, connubio tra oriente ed occidente.
Realizzato su base tessuto-non-tessuto con lamina in metallo che dona al prodotto particolari effetti perlage.
Fuji è proposto in due varianti colore coordinate ad effetti uniti sempre su rivestimento murale perlage.

A wallcovering decorated with an abstract and stylised drawing of a Japanese garden in spring,
with cherry blossoms combined with rigorous architecture to express a blend of East and West.
It is made on a nonwoven fabric with metal laminate that gives the product special pearlescent effects.
Fuji is available in two coordinated colours.
