

TOWADA METALLIZED
GRAPHIC ELEMENTS 1

Rivestimento murale ispirato alla tsuba giapponese e interpretato con un piazzamento del disegno in micro e macro: geometrie sofisticate che ricordano preziose lavorazioni di abili artigiani orientali. Realizzato su supporto metallico è accoppiato a una fine rete in tessuto non tessuto che riflette in modo particolare la luce.
Towada è proposto in quattro varianti colore ed è coordinato a effetti uniti sempre su supporto metallico.

A wallcovering inspired by Japanese tsubas, the design featuring a micro and macro expression of the pattern - sophisticated shapes reminiscent of the exquisite work of skilled Eastern artisans.
Made on a metal support, it is lined with a fine nonwoven fabric mesh that reflects light in a particular way.
Towada is available in four colours, and is coordinated with a metallic support.
